

1. Search “**B&H Kids**” from the Play Store or App Store, depending on your device. Download it.
2. Once you open the app, click “**I Understand**” & “**Okay**” on the next two screens (pictured here)
3. On the next 3 screens (pictured below), click “**Okay.**”
4. Click “**Ready to Start**” on the 4<sup>th</sup> screen pictured below.

On this screen, select the Bible your child has:

**The Big Picture Interactive Bible**  
(Watering Hole kids)

Or

**It's ALL About Jesus Bible Storybook** (Little Explorers & Kindergarten)

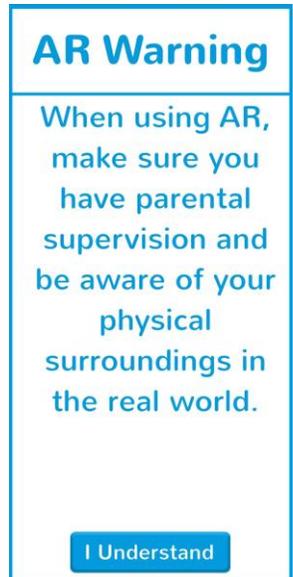

### VERY IMPORTANT!!!

When you see this  screen again, do NOT click “I Understand.”

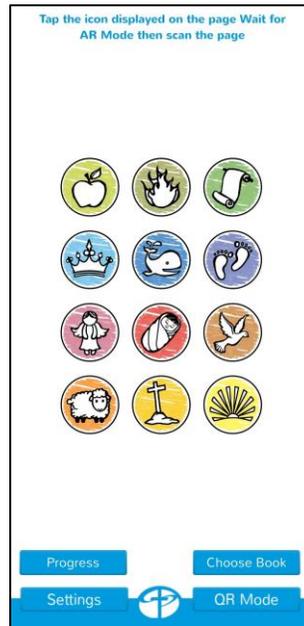

If you click this button, you'll be cycled back through the steps above again & again.

Just WAIT. Wait for a few seconds, and the screen will change...

From here, you tap the icon that matches the page you want to scan.

After tapping the icon, hold your phone over that icon on the Bible page, as if to scan it. (The icons pictured here are for the older kids Bible, the Storybook icons may be different.)

Here is an example, a screenshot of our phone over an icon in the Bible.

**Hold it steady for several seconds. WAIT.** Eventually, you will hear a narrator summarize the story pictured. If you move the phone off the icon, the narration will stop.

We'll agree with you that this is not the best app! However, that's not the reason we purchased these Bibles for your kids. We bought them because God has put a desire in our hearts to find ways to partner with families. We are hoping that because the pictures, stories, and questions all tie in to the curriculum we use on Sundays, this will be an easy way for families to ask their kids, **"What did you learn in church today?"** – And the answer will involve **opening up the BIBLE!** More than anything, we want our Safari Kids to know God, and the Bible is how we get to know Him.

Please let us know if there is anything else we can do to come alongside you as a family to help lead your kids to Christ and disciple them as they grow in their faith!

- Ms. Tracy & Ms. Jami
