**Please pray for all of the teachers, staff, and students who are returning back to school.**

We need to pray for 18-month-old **Zeke** whose family has attended FAC. He suffers from many seizures every day. These are very dangerous, life threatening & affect his development. His parents are unable to sleep for fear of him having seizures in the night. They are unable to leave their home much because he can not regulate his body temperature. They are trying to raise money to pay for a service dog to alert them when he is about to have a seizure. They need to raise \$25,000. Please talk to someone on staff for more information or to donate toward the dog.
