PRAYER COMMUNICATOR

October 4, 2020

Jesus realized at once that healing power had gone out from him, so he turned around in the crowd and asked, "Who touched my robe?"

Mark 5:30 NLT

Praise Reports

Joyce Fenimore— My daughter **Karen** found a new job with good pay and benefits!

Cindy McGaffey & Pam Phillips reported their mother is doing well and is back home in her assisted living facility.

Dawn Eiler's cancer is back. The cancer is now in her blood. The doctors are trying one last treatment.

Bob & Pat Schaefer— Pray for our daughter Terri who had a stroke. For **Patricia** & family as her father is in Hospice & will pass away soon.

Gail Fontana— Pray for **Linda M.**, a spot has been found on her lungs. Pray for **Kim H.**, she has breast cancer.

Joyce Fenimore— Pray for my granddaughter **Olivia** (2 yrs old). She possibly has Autism.

Suzi Taylor— To have comfort as I wait for another hip replacement.

Steve Ross— Pray for Michael Celemente. He has a liver disease & is starting new medication. Pray this will relieve some of the symptoms and slow the progression of this condition.

Janie R— Pray for my health. Pray my health improves & I remain free of any infections. Pray for **Emily Snyder & Craig DeTraglia**. They were riding a 4 wheeler when it caught on fire. Emily was slightly injured. Craig has burns on 25% of his body & will be in the hospital awhile.

Ilana Nunez needs prayers for her health. She is facing another surgery for her back. She is also having complications from her cancer. She is trusting God to care for her.

Please pray for the Oertel family. Their 14-year-old son and brother passed away on Monday October 5th.

Pray for **Susan Williams** as she recovers from a fall. She has been moved into a rehab facility in Fort Myers to regain her strength.

Pray for **18-month-old Zeke** whose family has attended FAC. He suffers from many seizures a day. These are very dangerous, life threatening & affect his development. His parents are unable to sleep for fear of him having seizures. They are unable to leave their home much because he can not regulate his body temperature. They are trying to raise money to pay for a service dog to alert them when he is about to have a seizure. They need to raise \$13,000. Please talk to someone on staff for information or to donate toward the dog.

PLEASE pray for the Port Charlotte office of **Pregnancy Solutions**. Their office needs a new AC unit. Their landlord will not pay for it. Please pray specifically for **God to soften the heart of the landlord**. Pray that God will surround this man with Christians and he will hear the Lord speak to him.
