Last week we celebrated that The Crash Student Ministries raised almost \$7000.00 to help purchase a service dog for Baby Zeke., who suffers from many seizures every day. His parents would now like to announce that additional money has come in and they now have the **entire \$17,000** to purchase the dog and are officially on the **waiting list** while their dog is trained. They have begun working with the organization in that training process. They are extremely grateful for every single dollar and hug and prayer given toward helping their son.
